Copy of ~~letter~~ petition dated 8th July 1937 from Mr. Ammayya Uruf Ellappa, Annamalai. Dukanhalli, to the Collector; C & M Station, Bangalore.

Reference:- No.1742 - D/37, of 17-6-1937.

We the owners of S.No.7 Dukanhalli beg to file the following objections:-

We have no other cultivable land except the one now proposed to be acquired. Our main income is from the land only. This is snatched of from our hands we will be deprived of our food and living. We are agriculturists and have to depend for our food on lands only. We cannot get in our village any other land fit for cultivation and at a cheap rate. We will have no objection for the land being taken by Government provided another suitable land in our village is given to us in exchange.

The village is a small one and the small extent of land hitherto used lasted from time immemorial as burial ground The extension now proposed is beyond the need at present We wish to point out that if at least only a part of our land is taken it will suffice the present need and will last for decades to come.

The adjoining land to ours owned by one Kenchappa is nearer to the existing Cemetery and hence it is more suitable for extending the burial ground. The owner is also willing to give it to Government

In case Government insists upon taking portion of our land we humbly request to take a portion of our land and a portion of Kenchappa's land. The western part of our land is more fit for garden cultivation than for burial ground.

We also pray that the Government will be pleased to give us in exchange an equal extent of land to be taken away from us as we cannot buy a land ourselves.

Cart Track to Dukanahally - forming of - foot paths in S.Nos.7 and 11 Dukanahally.

- - -

At the request of the villagers of Dukanahally the Station Municipal Commission wants to form a cart track leading to the village across Survey Nos.11 and 7 of that village.

According to the village map a foot path passes through Survey No.11 and goes across Survey No.7 in two directions to the village site. The owners of Survey No.7 have encroached upon the foot path and brought the portions under cultivation. The occupants of Survey No.7 have given written statements to the effect that they are willing to forego as much of their portions of land as are required for laying a cart track in lieu of the foot paths in that Survey Number.

Survey No.7 is an Inam land granted to Dharmarayaswami Temple in Bangalore City. The Revenue authorities of Bangalore City who were addressed in the matter have obtained the approval of the Government of Mysore to the proposal vide Proceedings No.77-78/Muz. 368-39-2 dated the 11th July 1940, copy enclosed.

The foot paths in Survey Nos.11 and 7 Dukanahally will be handed over to the Municipal Commission who will exchange lands with the owners for the purpose. I request that the orders of the Hon'ble the Resident may be obtained to transfer the foot paths in the above Survey Numbers to the Municipal Commission.

A plan showing the land required for forming a cart-track and the foot-paths to be handed over to the Municipal Commission is enclosed.
